Vol. 2021, Issue 7 NEWSLETTER OF THE SOUTH TEXAS AUSTIN-HEALEY CLUB July 2021  
["INTERIM" STAHC WEBSITE](#) & [FACEBOOK](#)

**HAPPY 4TH OF JULY!!**

## IN THIS ISSUE:

- CONCLAVE 2021, pages 1-5
- THE GREAT RACE 2021, page 6
- SAN ANTONIO JAGUAR CLUB RALLYE TO LUCKENBACH, JULY 17, 2021, page 7

## CONCLAVE 2021

(Continued on page 2)

## CONCLAVE 2021 (continued)

(Editor's note: The response to my request for pictures was outstanding! Including all of them in this coverage would bloat the issue to the point of being unmanageably large for downloading. But I didn't want to not include any of them. So, I have included several here from Bob Chamberlain's submission, several from the Millers', and several from Jim Richmond. The rest have been put in **Google Photo Albums**. Links to these albums appear throughout this article. Be sure to look through all of them. You don't want to miss any! Thank you to everyone!

Here is Jim's travelogue of his trip and comments on CONCLAVE.)

### BIG BEAR LAKE

*By Jim Richmond*

Karen was originally registered for Conclave 2021, but she realized that the trip would be too much for her, so I headed west on I-10 in the Miata a few days before the gathering of Healeys at Big Bear Lake in California. I stopped in Phoenix Friday to visit with my daughter Sue and her husband Mike and my grand daughter Autumn and her husband Derek. Other than the stop in Phoenix the trip to Conclave was uneventful but very scenic at the end.

I arrived at Big Bear Lake Saturday afternoon May 15. Although Conclave did not officially start until the next day many participants arrived on Saturday and registration was open. Bonnie and David joined me for dinner in the dining room of the Holiday Inn Resort, the hub of Conclave. David earlier had hung the South Texas AHC banner from the balcony outside their room. Other STAHC members were Bob and Pam Chamberlain and Brett

and Julie Miller who drove their Healey all the way from the Hill Country between Austin and San Antonio.

Brett & Julie with a stop in historic Luckenbach, Texas, on the way to CONCLAVE 2021.

Sunday was the start of Conclave with registration in the afternoon and a welcoming reception in the evening. Monday was the start of activities with a poker run and concours judging. Two cars were judged with the BN1 judged bronze and the BJ8 gold. The evening was capped with a Santa Maria BBQ dinner and California Cowboy Theme contest.

The Gymkhana and Funkhana were held on Tuesday, the Gymkhana at the Airport and the Funkhana in front of the hotel. David Ayer drove Bill Cantrall's (Midwest AHC) Sprite in the Gymkhana (picture page 3) and spun in the oil dumped from the Sprite. Bill later fixed the leak.

(Continued on page )

**CONCLAVE 2021 (continued)**

The Funkhana was not in Healeys, but on trikes (see cover page). Tuesday night was my turn for the

boat ride on Big Bear Lake, Ed Reiss and Hilary Cooper were also on the boat that night. The captain gave a very informative talk, including pointing out the solar observatory, while on the man-made lake. The marina was a short 15-minute walk from the hotel.

Popularity car show was the feature Wednesday. Among all the Healeys these stand out:

- A BN1 that the grandfather of the current owner took apart and reassembled back in 1956. It is hardly recognizable as a BN1, it is a perfect 100.

- A Healey boat. And a race car.

- I am challenged to describe the next car; it is raised up. I will just say that is no way to treat a Healey. Valve cover races were held later in the day.

Scenic drives and the time-speed-distance rally were held Thursday. I elected for the scenic drive to Joshua Tree National Park on my own. I

returned to the hotel in time for the Delegates meeting. (I will write a separate report for the August *Rumblin's*.) The day concluded with a traditional banquet and awards ceremony.

We weren't done. Friday's breakfast was included in the package and continued the awards from last night. After breakfast, it was time to say goodbye to friends that I would not see until next year in the Pocono Mountains at next year's Enclave.

(Continued on page 4)

## CONCLAVE 2021 (continued)

I decided not to take I-10 home. Instead, I took the northern route with stops in Kingman, Arizona; Albuquerque, New Mexico; and Sweetwater, Texas. Thanks to David Ayer, I took old Route 66, a very scenic and curvy route, from the California / Arizona border through Oatman to Kingman, a distance of 49 miles. Not only did I see Oatman, but on two different occasions donkeys came up to my car looking for food (I had none). Other than Route 66 and the donkeys the trip home was uneventful.

Jim

## MORE CONCLAVE 2021 PICTURES, LINKS, & COMMENTS

By Bob Chamberlain:

- The Conclave tour took us through the Joshua Tree National Park. This is a photo of Pam at Skull Rock, a natural feature of the Park. Sorry, I didn't get a photo of a Joshua tree.
- My AH was #8 (cover page). The Healey boat was trailered from Arizona. It was a 4 cylinder inboard sourced from an MG TD.
- The valve cover racing was action packed. The small girl owned the pink 6 cylinder one. Most had wheels that were salvaged hard drives. The max weight was 5 lbs at weigh-in. There was some betting.

- The principal organizer was Steve Kirby and he and his committees were flawless.
- The next one will be in the Pocos.

The following refer to pictures in [Bob's Google Photos Album](#):

- Here is a photo of our trailer rig for our 100M. I-10 was a really boring Highway.
- Here are more photos of the monster AH. It was built on a custom chassis. It wasn't the quickest in the gymkhana, but generated the most smoking rubber. Donald would be proud !!!

(Continued on page 5)

## MORE CONCLAVE 2021 PICTURES, LINK & COMMENTS (continued)

By Brett & Julie Miller:

- Hotel Settles in Big Spring
- Crap a Healey can carry
- Yes, that is hail over my shoulder (right). Ran out of gas just west of Roswell, NM. Also ran out of cell phone coverage. Then the storm hit! Hail for about 20 minutes but only got up to marble size, thankfully! No damage to the car! When it quit raining, Brett hitchhiked to get gas. The nice people who picked him up brought him back safe and sound with extras to get to the next station. They were angels!

Above the clouds at CONCLAVE

# THE GREAT RACE

Beginning Saturday, June 19

San Antonio, Texas to Greenville, So. Carolina

By DJ Stamp

My usual Father's Day gift is to help with the annual Father's Day Car Show. Since that wasn't happening again this year & I'm so darned efficient Pat & I celebrated Juneteenth & Father's Day in 1 fell swoop & went to see the Great Race when they stopped in San Marcos for lunch. Our lunch followed with nachos from Mimas in Wimberley. It's been just about 30 years since the Central Texas Region AACA hosted the Great Race. It was Audra's first event at the ripe old age of 4 weeks. Since that time we've had several club members participate in the Great Race. First Ruth Petty in a 1927 Chrysler roadster & then Jerry Corona's 1912 Chevrolet speedster - both with help from several club members.

er early cars. Dick Burdick's Great Race winning 1917 Hudson speedster was there under new ownership. There was a very loud American La France speedster in this years race. American La France was an American manufacturer of fire trucks & apparatus & I believe this speedster is a converted fire truck since none of the 22 cars the company produced from 1910-20 are known to exist. The Blues Brothers 1974 Plymouth Bluesmobile was a notable entry but in a very different way from the 1937 Lagonda drop head. Austin Healey was represented with a 1968 Sprite. There were a number of cars on the entry list that we did not see in San Marcos such as the Aston Martin DB5, Jag E type, 1917 Peerless & Jensen Interceptor.

The race has changed a lot since then with far few-

(Editor's note: As with CONCLAVE 2021 submissions, DJ has provided many, many terrific photos of the incredible cars that participated in this event. A sampling of the cars appears below. I have created a Google Photos Album of all the pictures DJ sent me. [Click here](#) to enjoy viewing these machines, some over 100 years old!!)

### **TECH SESSIONS**

Tech sessions can be a get-together of members to help a fellow club member with a specific problem or a task that requires, or is easier, with one or more helpers. A Tech session can also be a meeting where a member, or non-member, with some particular skill or expertise demonstrates how to accomplish a particular task. Tech Session attendees may be helpers, teachers, learners, tool suppliers or any combination of the above. Tech session hosts usually supply light refreshments. Beer is recommended.

If you would like to host a tech session please send notification to Ron Borden at [rborden@gvtc.com](mailto:rborden@gvtc.com) as far in advance as possible, but no less than one week ahead of the session date. Your request will be forwarded to all members on the *Rumblin's* e-mail list.

All articles appearing in *Rumblin's* represent the opinions of the writers and do not necessarily represent the opinions of *Rumblin's*, South Texas Austin-Healey Club, or the Austin-Healey Club of America. Neither *Rumblin's*, STAHC, nor AHCA is responsible for the accuracy or safety of technical information presented herein. If you choose to use such technical information, you do so at your own risk.
